

NOTICE OF MEETING CHANGE

Dear Bárány Society member,

We regret to inform you that the board of the Bárány Society has made its decision to postpone the XXXII Bárány Society Meeting planned to be held in Shanghai in May 2024 due to the ongoing COVID-19 pandemic. The meeting has now been rescheduled for October 2026 in Shanghai, China, as the XXXIII Bárány Society Meeting.

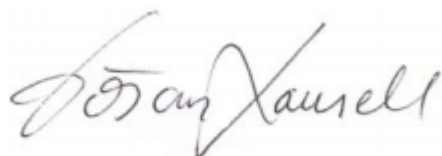

The XXXII Bárány Society Meeting will be held in Uppsala, Sweden August 25th–28th, 2024. More information about the meeting is presented on the website, <https://www.barany2024uppsala.com>

Please understand our situation and mark the changes on your calendars. We apologize for any inconvenience that might result from this change.

We firmly believe that the Bárány Society Meetings will continuously facilitate contact between scientists and clinicians involved in vestibular research and will support oto-neurological research and education, as well as help to establish evidence-based consensus and standardization regarding the defining of syndromes, diseases, diagnostic procedures, and treatments in the field of neurotology.

Wishing you a warm welcome to Uppsala in August 2024 and Shanghai in October 2026.

On behalf of the organizing committee,

Göran Laurell

President of the Bárány Society

Shankai Yin

President of Shanghai Sixth People's Hospital Affiliated to Shanghai Jiao Tong University School of Medicine

On December 31st, 2022
